**JOINT PETITION FOR APPROVAL OF
A STREAMLINED TRANSFER OF CONTROL OF DOMESTIC
AND INTERNATIONAL 214 AUTHORIZATIONS**

TXU Communications Telephone Company, TXU Communications Telecom Services Company, Fort Bend Telephone Company, and Fort Bend Long Distance Company (collectively, the "TXU Communications Companies" or the "Transferor") and Homebase Acquisition Texas Corp. ("Homebase" or the "Transferee") hereby request FCC approval of a transfer of control of domestic and international authorizations pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214 and Part 63 of the FCC's Rules, 47 CFR Part 63. Streamlined treatment is sought for this transaction, which involves the transfer of control of TXU Communications Companies that are Incumbent Local Exchange Carriers ("ILECs") and domestic and international interexchange carriers ("IXCs").

The application is a joint international and domestic Section 214 application. The main application addresses the international Section 214 issues and Attachment 1 hereto addresses the domestic issues.

DESCRIPTION OF THE TXU COMMUNICATIONS COMPANIES AND THE TRANSACTION

Each TXU Communications Company is a wholly-owned subsidiary of TXU Communications Ventures Company. TXU Communications Ventures Company is a wholly-owned subsidiary of Pinnacle One Partners, L.P. Pinnacle One Partners, L.P., in turn, is a wholly-owned subsidiary of TXU Corp., a Texas-based utilities holding company.

Fort Bend Telephone Company is an ILEC serving approximately 46,000 access lines in Fort Bend, Waller, Brazoria and Harris counties, offering a full range of local services (local, class features), DSL, switched and special access, and non-regulated services.

TXU Communications Telephone Company is an ILEC serving approximately 122,000 access lines in two market areas of east Texas, offering a full range of local services (local, class features), DSL, switched and special access, and non-regulated services.

TXU Communications Telecom Services Company and Fort Bend Long Distance Company provide domestic and international long distance services to customers both within and beyond the service areas of their affiliated ILECs. The international Section 214 authorizations of both companies are, as will be discussed more fully below, limited to the resale of services of other carriers.

On January 15, 2004, Pinnacle One Partners, LP and Homebase Acquisition Texas Corp. entered into the Stock Purchase Agreement whereby all issued and outstanding stock of TXU Communications Ventures Company is being conveyed to Homebase Acquisition Texas Corp.

Upon FCC approval and consummation of the transaction, Homebase Acquisition Texas Corp. will be the party in ultimate control of the TXU Communications Companies.

d. Previous Section 214 Authorizations

Transferor

TXU Communications Telecom Services Company holds Section 214 authorization to resell global international switched services (ITC-214-19980528). Fort Bend Long Distance

Company holds Section 214 authorization to resell global international switched services (ITC-214-19960729-00349).

Upon approval and consummation of this transaction, the two Transferor companies will continue to operate their international resale operations.

ITC-214-20020814-00400 Global or Limited Global Facilities-Based and Resale Service (with the exception of Ireland)

ITC-214-20020823-00413 Global or Limited Global Resale Service between the U.S. and Ireland, solely through the resale of an unaffiliated U.S. facilities-based carrier's international switched services

h. Transferee Ownership

Homebase Acquisition Texas Corp. is a wholly owned subsidiary of Homebase Acquisition, LLC, a Delaware limited liability corporation, 121 South 17th Street, Mattoon, Illinois 61938.

The distribution of equity ownership of Homebase Acquisition, LLC is: (a) one-third by Central Illinois Telephone, LLC, a Delaware limited liability company having its principal place of business at 121 South 17th Street, Mattoon, IL 61938; (b) one-third by Spectrum Equity Investors IV, L.P. a Delaware limited partnership having as its principal place of business One International Place, 29th Floor, Boston, MA 02110; and (c) one-third by Providence Equity Partners IV, L.P. a Delaware limited partnership having as its principal place of business 50 Kennedy Plaza, 18th Floor, Providence, RI 02903.

There are no interlocking directorates between Homebase Acquisition, LLC and any foreign carrier.

i. Foreign Carrier Affiliation

Providence Equity Partners IV, L.P., the holder of a one-third interest in Transferee's ultimate parent, also holds a 29.9% stock interest in Valentia Telecommunications, which, in turn, owns all issued and outstanding stock of Eircom Ltd ("Eircom"). Eircom is a dominant telecommunications carrier in Ireland. Providence Equity Partners IV, L.P. is, accordingly, a 29.9% interest holder in Eircom.²

j. Foreign Carrier Certification

Transferee certifies that it does not seek to provide international communications service to any destination where: (1) it is a foreign carrier; (2) it controls a foreign carrier in a destination country; (3) two or more parties own, in the aggregate, more than 25% of Transferee and are parties to, or beneficiaries of, a contractual relationship that affects the provision or marketing of international telecommunications services in the United States.

k. Commission Rule Section 63.18(k) Showing

Ireland has been a member of the World Trade Organization since January 1, 1995.

l. Commission Rule Section 63.18(l) Showing

Transferee will file quarterly traffic reports as required by Section 43.61 of the Commission's Rules.

² Providence Equity Partners III, L.P., an affiliate of Providence Equity Partners IV, L.P., also owns a 14.9% interest in Valentia Telecommunications and therefore holds a 14.9% interest in Eircom.

m. Commission Rule Section 63.12(m) Showing

Pursuant to Section 63.10(a)(4) of the Commission's Rules, Transferee will provide service to Ireland solely through the resale of an unaffiliated U.S. facilities-based carrier's international switched services. Accordingly, Transferee is presumptively non-dominant in its provision of resold international services.

n. No Special Concessions

Transferee hereby certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country that the Transferee may serve under the authority granted under this part and will not enter into such agreements in the future.

o. Certification pursuant to 47 C.F.R. sections 1.2001 through 1.2003 that no party to this application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.

Homebase Acquisition Texas Corp. certifies, pursuant to Sections 1.2001 through 1.2003 of the Commission's Rules, that neither it, nor any of its affiliates are subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.

p. Streamlined Processing

This application qualifies for streamlined processing for the following reasons: (1) Although Transferee is affiliated with a foreign carrier, it does not control, nor is it controlled by, that carrier; (2) The affiliated foreign carrier serves Ireland, a WTO member country; (3) Transferee is not affiliated with any facilities-based U.S. provider of international switched and private line services whose services it will resell; (4) Transferee will not provide switched services over private lines to countries not previously authorized for service by the FCC; and (5) Transferee is entitled to a presumption of non-dominant status.

Other Applications Pending or to be Filed Related to This Transaction

This application, in Attachment 1 hereto, also seeks approval of a transfer of control of domestic Section 214 authorizations.

Public Interest Considerations

A grant of this application will serve the public interest by ensuring continuity of service by the Transferor, under new corporate control. The transfer of control will be transparent to Transferor's customers and will promote competition in the domestic and international interexchange markets. Accordingly, the parties hereto request FCC approval of the subject transaction.

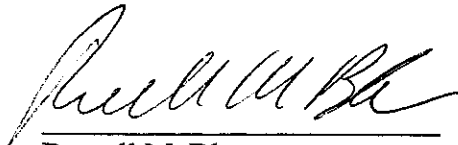

Respectfully submitted,

f. Identification of any separately filed waiver requests being sought in conjunction with the transaction

None.

g. Public Interest Statement

A grant of this application will serve the public interest by ensuring continuity of service by the Transferor, under new corporate control. The transfer of control will be transparent to Transferor's customers and will promote competition in the local exchange and domestic and international interexchange markets. Transferee is, through a subsidiary, a well managed and respected IXC in another part of the country and other affiliates of Transferee are domestic and international interexchange carriers. Transferee is well qualified to assume control of Transferor. Accordingly, the parties hereto request FCC approval of the subject transaction.
